Design your Micro-Market according to your wishes and in your corporate design thanks to different and combinable shop elements in modular construction.

Equipped with the Venshop, our flexible checkout system, you can offer your customers, guests, patients or employees the opportunity to buy drinks, snacks, drugstore items and much more around the clock. All common payment methods, including room cards, can be used without any problems.

Offer unique customer service - and save on staff costs!

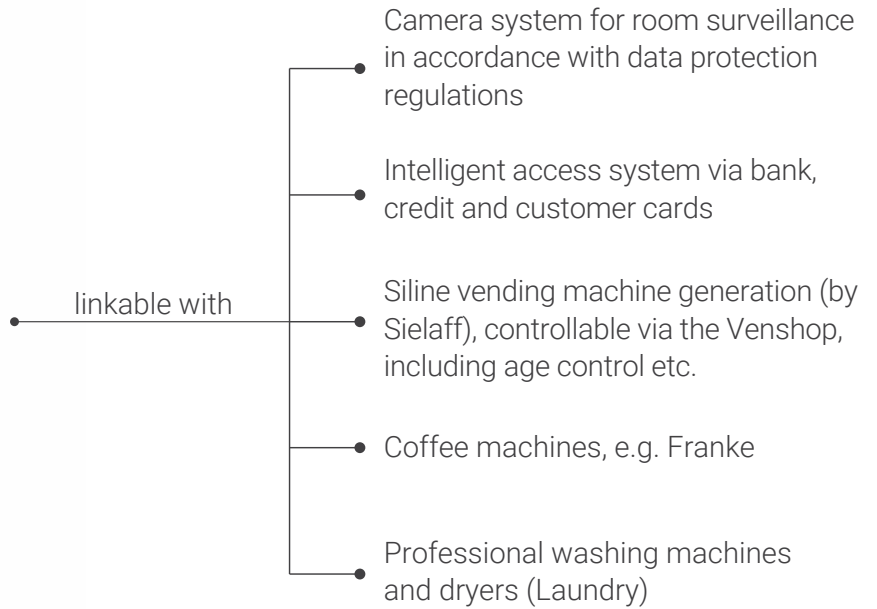

Individually, according to your wishes, we provide you with everything from a single source: from the technical equipment, such as cash register system, access system, cameras, etc., to the complete shop construction to the fully equipped, modern shop container.

The heart of every Micro-Market is the Venshop.

As the central payment system for the entire shop, including all vending machines, it enables cashless payments of all kinds as well as cash payments on request.

Cashless-Modul + Add-on module (cash)

The Micro-Market offers the perfect solution

- + as an all-round service for your hotel lobby
- + as a patient and visitor café in a hospital
- + as a shop supplement to a self-service filling station
- + as a canteen substitute for company catering
- + as a self-sufficient village or farm shop
- + as a staff-free butcher's shop, bakery or flower shop
- + and for many other possibilities
